Ms. Nolan-

I have forwarded nine emails in pdf format to you that relate to the discussion of interim action objectives (IAOs) or clean-up standards for the Clean Harbors facility in Wichita. These were identified by searching emails for those terms. There could be other responsive documents or emails that were not identified by this method.

If you need a more comprehensive search, you may do an additional FOIA request.

If you have questions or requests for more specific documents you may also contact me by phone or email.

Ms. Jump:

I am wondering about some items I cannot locate and maybe I am not looking at the index correctly or what I requested properly.

I am still looking for:

- Any/all correspondence and communications between the agency/agencies and Clean Harbors where the subject matter of the communication or discussion was about the clean-up standards or the Interim Remedy at the site.?

Please let me know.
